## **Poland Declares Jesus King of the Country Plus: New Edition of Radical Gospel Now Online**

In a national ceremony attended by the President of Poland the Polish people declared Jesus Christ the King of Poland. When will we do that in South Africa? Plus my new updated and revised edition of the Radical Gospel of the Kingdom available for free download for your holiday reading.

There is something important in the spiritual realm that happened in Poland in November 2016 and in South Africa in April 2017. First Poland. Here is a newspaper report of a national prayer gathering.

### **Poland Declares Jesus King of the Country**

11-24-2016

*In a ceremony at the Church of Divine Mercy in Krakow last week, Jesus was declared the king of Poland.*

*The ceremony, attended by Poland's President Andrzej Duda, marked the end of the Catholic Church's Year of Mercy.*

*People from around the country came together and declared Christ king over their country and their hearts.*

*"In our hearts, rule us, Christ! In our families, rule us, Christ! ... In our schools and universities, rule us, Christ! ... Through the Polish nation, rule us, Christ! ... We pledge to defend your holy worship and preach Thy royal glory, Christ our King, we promise!" they prayed.*

*Their bold statement was a reminder that God comes before everything.*

*"We entrust the Polish people and Polish leaders to you," the prayer continued. "Make them exercise their power fairly and in accordance with your laws. ... rule us, Christ! Reign in our homeland and reign in every nation – for the greater glory of the most Holy Trinity and the salvation of mankind."*

*For many, the ceremony was the answer to the prayers of Polish nurse Rosalia Zelkova, who in the early 20th century said one day her country would have a divine revelation that Jesus is king.*

*Many believe this bold declaration is the start of something special in the country.*

***The Conference of Polish Bishops said it was "not the culmination, but the beginning of the work of enthronement of Jesus Christ in Poland and the Polish nation."***

***The ceremony, they said, was not intended to add to Jesus' honor or power, but was rather a national recognition of His sovereignty.***

Religious and national business and civic leaders along with the nation's political leaders represented by the Polish president gathered to declare that Jesus Christ is King of Poland.

In South Africa on 22 April 2017 a large gathering outside Bloemfontein called by Evangelist Angus Buchan to call the nation to prayer. The meeting theme: "IT IS TIME".

Some reports spoke of maybe a million Christians gathered. There are differences between the Polish gathering and the South African gathering. In Poland the people of the nation and the political and business leaders knew what time it was. It was time that the whole nation made a public declaration : Jesus is Lord and Jesus is King of Poland.

In South Africa neither the Church nor the nation has answered the question: What time is it? Poland 5 years later is thriving economically. Poland is also in a fight with the European Union and are being fined a million Euro's a day because they refuse to submit their laws to EU laws as follows: Here is a 31 October 2021 headline from the UK Guardian:

**"The EU is locked in a momentous fight with Poland"**

Why? Here a quote from the article.....

*" allowing policies that indulge anti-gay declarations, deny climate change or limit press freedom..... The Polish government, run by the extreme social conservative Law and Justice party, must be unconstrained from doing what it wants, so that if a third of Poland's towns have issued proclamations declaring themselves "LGBT ideology-free zones", nothing can be done."*

After a nation declares Jesus is King of our nation then what the world or the EU thinks or says about their domestic policies is irrelevant. Poland is saying we are a majority Catholic Christian country and these are our values.

Here is my opinion about what time it is. It is time for the majority Christian population of South Africa to do as Poland has done in November 2016. It is time for a national declaration that Jesus is Lord over this nation. And that means that the coming national elections in 2024 better produce a political environment in which the political leaders elected into office at that time freely and publically stand with the majority Christian population to declare that Jesus Christ is King of South Africa.

And then from that foundation start the process of bringing righteous judgment into the nation, deploying people who fear the Lord into positions of power and influence instead of "party cadre deployment" and start the rebuilding of the waste places.

Now here is my further opinion informed by my understanding of scripture:

I don't care about prophecies of revival, or prophecies of South African destiny etc. And I have made some effort to encourage all of you to be bold and positive about our prophetic future. What I also know about the Lord and prophecy and Jerusalem and Israel is this.....you either get on board with God's agenda or God will just wipe you off the map and start all over again. He did that twice in history with Jerusalem. The last time had Jesus weeping looking on at the great city and pleading "If only you knew the time of your visitation!" (Luke 19:41-42)

The South African church absolutely needs to come to the right vision for what time this is. It is a time for purposeful action. It is not time for talking and more meetings. It is crisis hour. If we have not mobilized this nation to the righteous cause of God's Kingdom agenda by 2024 and we have another 5 years of corruption, looting and incompetence then this nation is finished. The Lord will start again at some future point with an impoverished remnant.

It is this issue of "What time is this?" that I am attempting to answer with my books.

It is why I decided to rewrite my book "The Radical Gospel of the Kingdom". I did not make a good enough case for "it is Kingdom Now time!". So I rewrote it in hopefully a simpler and better structure as follows:

I divided it up in three sections of 7 chapters each to make three important points:

Section A. The 7 Great Prophecies of the Kingdom

Section B : The 7 Comings of the Lord

Section C : The 7 Foundation Principles of the Kingdom

It is available now freely for download. I will be cleaning up some of the small errors and then giving to the printers for a print run that I will make available for you to order through "Takealot" since CUM Christian book stores will not stock it.

If we are ever as a Church in Southern Africa going to identify our time of visitation and understand the Kingdom agenda for our nation then we absolutely must get out of the dead end of the American End Times deception.

That deception is sent by the enemy to immobilize the Church into a dead end of endless meetings and no action. It's meant to glorify the power and dominion of Satan and the Antichrist over all the earth and the impossibility of the Church to fulfill the dominion mandate of the Lord. It is meant to hand the Kingdom back to the Jews because the Church is unable to take the land. It is meant to call for escape now but the Kingdom only some day in the far future. However in the meantime while waiting for Jesus to come and the Antichrist to take over the world you can become rich and successful through the amazing miracles of right thinking and right seed giving....in spite of a collapsing national economy.

I need to counter that propaganda of deception with scriptural truth. So for your summer reading I have posted the new edition of the Radical Gospel of the Kingdom.

I will also soon be uploading the new edition of the Southern African Prophetic Destiny in a smaller and more concise format to make it easier to read and understand. I am also deep into 'Ekklesia: The City Church....God's plan to heal the nations' And "Jubilee: God's Plan for the meek to inherit the earth".

These four books have only one goal:

We turn Southern Africa into Kingdom territory where Jesus is Lord and we are that city on hill as a shining light to the nations of a people whose God is the Lord.

Have a wonderful Christmas rest and relaxation and hope you are blessed with new vision for the Kingdom of God.
