The Two Hosts of Heaven and Alien Deception

It is Christmas time and we love to tell the story of the shepherds of Bethlehem and their meeting with the hosts of heaven declaring joyful news. But on 8 December 2020 the Jerusalem Post announced that the government of Israel has been in contact with another host of heaven for years.....on Mars. A different Christmas story from Jerusalem for a world ready for the new Messiah from space.

Thank you for your prayers this last week. I had the worst week of my life in ICU but thankful to the Lord for my miracle of healing....and no it wasn't Covid.

Two weeks ago there was what I consider to be one of the most amazing public announcements by a government coming from the Jerusalem Post on 8th December. This was mostly lost in the midst of a world pandemic and American election drama and British Brexit drama. I assume you also missed it. I was going to report it last week but unfortunately ended up in hospital unexpectedly.

I am going to paste the report from the Jerusalem Post but first I want to give some scriptural background so that you can understand the importance of a very significant prophetic event that is now starting to unfold in the spirit realm and now manifesting in this physical realm. And it is extremely important and extremely dangerous.

We all grew up with our church services at Christmas time, the lovely tableau from Luke 2:9-14 of shepherds at night guarding their sheep and then another actor would appear with little wings and make the announcement "fear not, on this night in Bethlehem is born a saviour...." and then a choir would march on stage also maybe with little wings as the angel choir singing "Glory to God in the highest" and we all get that warm feeling of good cheer.

This is a totally wrong image. The reason the first angel said what all angels say when they appear to humans "fear not" is because anyone that has experienced a spirit being appearing to them suddenly are absolutely terrified and scared spitless. Most fall to the ground ready to faint and need to be helped up.

So this powerful frightening angelic being delivers his message and the shepherds have managed to recover a bit but what happens next is even more awesome and frightening....

"And suddenly there was with the angel a multitude of the heavenly host (in Greek: Army) saying Glory to God in the highest and on earth peace good will towards all men." (vrs 13-14)

You need to get the image right. This was not an angel choir with the first angel being the choir leader, regardless of what your church Christmas play looks like. This

was the massed armies of heaven with one of the mighty warrior princes of heaven at their head coming down from heaven and covering the hills of Bethlehem. Throughout scripture the "host of heaven" refers to the armies of heaven with Yahweh the Lord God as their leader. So what on earth were the armies of heaven doing at Bethlehem that night? Well, you know how scripture tells us that when you were born the Lord assigned a guardian angel to you? That night the Son of God, the leader from eternity of the Hosts of Heaven was brought into this world as a babe to be the savior of mankind and where Yahweh God goes, His armies follow....not a guardian angel, but the whole hosts of heaven surround Him obedient to His commands.

Now this great army of heaven, what were their marching orders? Imagine their capabilities. Scripture tells us one angel killed 165,000 Assyrians that surrounded the city of Jerusalem in one night. Their commander Jesus Christ is now on earth to establish His Kingdom, will they fight for Him, will they destroy Herod and the Roman empire in quick bloody battle and force the world to kneel before Christ?

No, here is their marching orders. We come in peace. We come to carry out God's plan....peace on earth. The Lord God of heaven has good will towards all mankind. We come in peace. John declared in his gospel ***"For God sent not his son into the world to condemn the world but that the world through him might be saved."*** Paul in his epistle to the Corinthians tells us....

"God was in Christ reconciling the world unto Himself not charging their sins to them and has given to us the word of reconciliation. Therefore we are Ambassadors as though God through us is urging you Himself, Be reconciled to God". (2 Cor. 5:16-20)

But there is another "host of heaven". These are not obedient to the Lord God who created them. They are rebel, fallen angels who want to build their own empire and have their own servants to serve them and want mankind to worship them.

The problem with Israel throughout their history is that for a while they would serve the one only true God of heaven and earth. But then they would always be seduced by the hosts of heaven to serve them. They would erect altars and groves and images to these fallen angels who would promise Israel success in battle, abundant crops, wealth and health.

One of many examples I will site is of king Manasseh of Judah. He reigned 55 years and did evil in God's sight even though he had the godly example of his father king Hezekiah who served the Lord. This is what scripture says...

"For he (Manasseh) built up again the high places which Hezekiah his father had destroyed and he reared up altars for Baal and made a grove as did Ahab king of Israel and he worshipped the host of heaven and served them."

Which brings me to the Jerusalem Post story and Israel's ancient problem of serving the hosts of heaven...the fallen angels.

The Jerusalem Post did an interview with the retiring head of the Israeli army's Space Command. He served 30 years in the most secret part of Israel's national security structures. You can be sure that the Jerusalem Post is the mouthpiece of the

government of Israel and will not publish anything not authorized by Israel's security forces and when they do publish something of a highly classified nature it is with full permission of their security establishment. So here is the copy and paste I drew from the online Jerusalem Post of 8 December this month.....

Former Israeli space security chief says aliens exist, humanity not ready

This "Galactic Federation" has supposedly been in contact with Israel and the US for years, but are keeping themselves a secret to prevent hysteria until humanity is ready.

Has the State of Israel made contact with [aliens](#)?

According to retired Israeli general and current professor Haim Eshed, the answer is yes, but this has been kept a secret because "humanity isn't ready."

Speaking in an interview to Yediot Aharonot, Eshed – who served as the head of Israel's space security program for nearly 30 years and is a three-time recipient of the Israel Security Award – explained that Israel and the US have both been dealing with aliens for years.

And this by no means refers to immigrants, with Eshed clarifying the existence of a "Galactic Federation."

The 87-year-old former space security chief gave further descriptions about exactly what sort of agreements have been made between the aliens and the US, which ostensibly have been made because they wish to research and understand "the fabric of the universe." This cooperation includes a secret underground base on Mars, where there are American and alien representatives.

If true, this would coincide with US President Donald Trump's creation of the Space Force as the fifth branch of the US armed forces, though it is unclear how long this sort of relationship, if any, has been going on between the US and its reported extraterrestrial allies.

But Eshed insists that Trump is aware of them, and that he was "on the verge" of disclosing their existence. However, the Galactic Federation reportedly stopped him from doing so, saying they wished to prevent mass hysteria since they felt humanity needed to "evolve and reach a stage where we will... understand what space and spaceships are," Yediot Aharonot reported.

As for why he's chosen to reveal this information now, Eshed explained that the timing was simply due to how much the academic landscape has changed, and how respected he is in academia.

"If I had come up with what I'm saying today five years ago, I would have been hospitalized," he explained to Yediot. He added that "today, they're already talking differently. I have nothing to lose. I've received my degrees and awards; I am respected in universities abroad, where the trend is also changing."

The trend is also changing in the American government. For the first time recently this year the Pentagon has decided to release official Navy pilot films where they are chasing UFO's and not deny their existence.

The contact by the upper echelons of the security establishments of the major world powers with "the hosts of heaven" is now slowly being acknowledged in a controlled release of information. Like the shepherds of Bethlehem and their encounters with the heavenly hosts, this stuff is scary and frightening.

Obviously there is much here for me to comment on. I will be reporting in my blogs in future whenever new information emerges from this emerging threat. By now you know I don't believe in the usual prophetic interpretation of the Antichrist coming from the EU or Islam etc. The coming great deception is coming from where it has always come from...."the hosts of heaven", where Satan is the prince of the power of the air. He is Beelzebub which is "Baal-Z'bub the Lord of the flying ones".

I do find the reference to meetings on Mars intriguing Why there? I have strong evidence that they have been meeting on Antarctica for decades. There are some really strange things happening down there ever since the Nazis sent their ships and submarines there during and after World War 2. And there are some very unusual world leaders who find it necessary to go to Antarctica to "investigate global warming" or that is the usual excuse.

I have this theory however about Mars and the great "deception/disclosure". They need a dramatic setting to make the world announcement of "aliens are here". This announcement needs to be made at the right time and the right way. It will basically destroy the faith of millions in the three great faith religions of the world: Christianity, Judaism, and Islam. The aliens (fallen angels) will obviously be up to their old lies they told the Sumerians, the Babylonians, the Greeks, the Romans etc *"We are your gods, we created you ages ago, we are now coming back to bring peace on earth and come bearing gifts of technology and power to bring prosperity to all mankind"*.

Mars would be a good setting for something so dramatic. Elon Musk says he is on track to land the first crew on Mars in 2024. I fully believe he is both capable of it and will do it. He seems to have some major power pushing his incredible achievements. (which achievements I like by the way!). And from my previous blog on 2024 I told you that is the year of the 70th Jubilee when Israel crossed the Jordan to go and wipe out the offspring of the Nephilim, the fallen angels, the giants in the land and possess their inheritance.

So imagine this. The first manned crew is on its way to Mars. If you think the whole world was watching the first man on the moon telecast back in 1969, this time the whole world is wired up and everyone is ready for that spectacular Mars landing. Elon knows how to put on a great show. The hatches open, the crew are lowered

down and everyone on earth are waiting eagerly for those historic first words. Here is what I think will be the first words....."My god we are not alone!"

And then come the world government confessions..."Yes folks it is real and not fake news, we have been in contact with these beings for decades but don't worry, they have come to help us! We had to keep silence about it because it would cause too much panic and of course there would be huge loss of faith in the great religions of the world, but now is the right time, people are a lot smarter and mature enough to have to hand on to outdated religious mythologies for meaning in life."

And all over the world the Star trekkies and the Xmen fans and the Marvel comics and movie acolytes and the kids who grew up on Harry Potter and all the world looking for help from the gods will be caught up in the mass hysteria.

Among the faithful of the Muslims, Jews and Christians an enormous crisis of faith...the kind of doubt and deception that can deceive even the very elect.

But among God's warriors here all over the world will go a mighty shout of Praise God, the enemy hosts of heaven have been exposed and cast down to the earth....now it is time for Psalm 149, to bind the kings of the earth and heaven and cast them into the pit, time for the mass exorcism, that time the demons who cried out to Christ, "have you come to persecute us before our time", now know their time is up.

Because it will be our heavenly host against their heavenly host and the leader of our Host is the Lord Jesus Christ and the armies of heaven behind Him....and they now know that their time is short! And we don't need flying saucers to get around...we are seated with Christ in heavenly places from which we will fight this coming deception.

Exciting times ahead!

Have a wonderful restful Christmas season. Be assured that our God has good will towards all of us and has sent His heavenly host to guard and protect and bless us who are in Christ and to bring peace on earth.
