Week of 24 October 2020

Justice Amy Comey Barrett, the Radical Feminists and Covid Judgement

This last week a wonderful testimony for the Kingdom of God was in full view in the American Senate with the confirmation hearings of a Charismatic Catholic Judge for the Supreme Court...and it drove the radical feminists crazy. My analysis....

Some weeks ago the icon of the pro-abortion radical feminists in America, Justice Ruth Bader Ginsburg died. President Donald Trump nominated a replacement for Senate confirmation of this important vacancy on the US Supreme Court. This vacancy was very important for Christians in America. The 9 member Supreme Court was now 8 members evenly divided 4-4 between conservatives and liberals. The fear was that another conservative would allow a new 5-4 majority to overturn America's abortion laws known as Roe vrs Wade passed in 1973.

Since the passing of this landmark abortion ruling also by a narrow 5-4 ruling by the Supreme Court at that time there has been a veritable holocaust of infanticide. more than 60 million babies killed.

So why were the radical feminists in America up in arms at the nomination of Judge Amy Comey Barrett for this vacant seat once held by their idol Ruth Bader Ginsburg? In fact the entire Democratic caucus in the Senate said they will not vote for her before the confirmation hearings even started last week.

Let me first show you photos of Judge Barrett and her family and then explain to you why a very important thing happened in the spiritual realm this week. The Lord said "You shall be my witnesses". There are many different ways to be a witness for the Lord. Judge Barrett exemplified a new level of witness that the Lord is calling for from His people. I will explain....

This is Judge Barrett, 48 years old, graduated top of her class at Notre Dame Law School, became professor of law at Notre Dame for many years, clerked for Supreme Court Justice Scalia, elevated to 7th Circuit Court of Appeals 3 years ago.

On the right is her family. 7 Children. 5 are her biological children of which the youngest has Downs Syndrome and two were adopted as babies from Haiti.

The further real problem for the radical left: Not only was she a practicing Catholic but she belonged to a Charismatic movement in the Catholic Church called "People of Praise"....crazy people who "speak in tongues"! Obviously she must be part of a "cult". Worse this group taught such outdated ideas such as "a man is head of the home". Oh the horror! So before the hearings began in the Senate there were demonstrators dressed in "Handmaid's Tale" costumes (the popular Netflix series about a male dominated patriarchy of fundamentalist evangelicals ruling America).

Now consider the problem that this nominee presented to the radical leftists and why she is such a wonderful public witness to the world for the Lord and His Kingdom ways:

For the radical feminists this world is a male dominated patriarchy. Women cannot succeed or get to the top because they are weighed down by the baggage of home and children. If a woman is to succeed in this world she needs to forget about children. Career first. That means children or pregnancy is an encumbrance to a successful career. You can have children or you can compete with men to get to the top of your profession but you cannot realistically have both.

Therefore children are expendable or need to be made expendable so that women can have what is over and over called "**The right to choose...**" These four words are never completed into a logical sentence such as "A woman has the right to choose whether to keep her baby or kill her baby". If she thinks that the baby will be a distraction to her career or an unwanted burden or an inconvenience then she should have the right to kill that baby.

So when in 1973 the US Supreme Court finally gave women the legal right to kill their babies there was great rejoicing about the "liberation" of women in a male patriarchy and what a wonderful future awaits them.

And then came Judge Amy Coney Barrett on the national stage. With her 7 children and her successful academic career and only 48 with the prospect of probably 40

years on the Supreme Court. How many women lawyers in America sacrificed a baby as an impediment to a successful career in law to be able to dream of the ultimate accolade "Supreme Court Justice"!

Democratic Senator Diane Feinstein obviously in awe of this woman's achievements asked her 'Judge Barrett how in the world did you manage to raise 7 children, run a home and a law practice and become a law professor...where did you find the time'

Judge Barrett gave a simple but honest answer...."My husband Jesse". So there went the whole "Handmaid's Tale" fantasy of an oppressed woman in a Christian evangelical cult of male patriarchy.

The Lord has a message for America and the world in the midst of the whole "abortion debate" in this presidential cycle in America. But God needed a witness to make that message clear not by preaching or talking or quoting scripture...He needed a living example of someone who lives Kingdom principles and did not need to sacrifice her family or children to rise to the top of her profession. What she did need was a Godly home and a head of that home a husband who loved Jesus and family and asked himself what can I do for my family, what can I do to bless my wife and support her in the calling that the Lord has called her for.

This is the good news of this last week. Now the bad news.

When God brings judgment on a person or a nation He warns, He holds back, He calls to repentance. But when they do not turn He judges a righteous judgment and He provides witnesses to His righteous ways as examples of what could have or should have been if people listened and obeyed.

Judge Barrett is a witness on a stand that the whole world could see. I even watched here confirmation hearing on Youtube here in South Africa.

You see the world has forgotten about the law of the Lord concerning child sacrifice. And that is what abortion is...child sacrifice! It is an ancient evil promoted by evil and wicked fallen angels, demons who when they desire to destroy mankind and the earth they get people to do things that are so evil that the law of God must now be applied by God as punishment...the law of God that when you shed innocent blood then that blood cries before the throne of God for judgment.

The blood of Abel cried before God for judgment on his brother Cain who killed him.

How much more the blood of 60 million children in America. But not just there. I read a statistic that worldwide in India, China, Europe, Russia, Asia....almost 1 billion children have been sacrificed in abortions over the last 50 years. The same holds true here in South Africa since our new constitution came into effect in 1994.

Which brings me to Covid-19 and world judgment.

There are two dramatic destructive effects that the world Covid epidemic is causing.

It is most lethal to elderly people. Children hardly ever die from it.

It destroys the economies of nations.

I offer you my analysis of the "why" and the "who" of this Covid-19 epidemic. Keep in mind who and what are being killed. Now let me give you some scriptures to contemplate. From Psalms and from Jeremiah.

- Psa 106:34*** ***They did not destroy the nations, concerning whom the LORD commanded them:***
Psa 106:35 ***But were mingled among the heathen, and learned their works.***
Psa 106:36 ***And they served their idols: which were a snare unto them.***
Psa 106:37 ***Yea, they sacrificed their sons and their daughters unto devils,***
Psa 106:38 ***And shed innocent blood, even the blood of their sons and of their daughters, whom they sacrificed unto the idols of Canaan: and the land was polluted with blood.***
Psa 106:39 ***Thus were they defiled with their own works, and went a whoring with their own inventions.***
Psa 106:40 ***Therefore was the wrath of the LORD kindled against his people, insomuch that he abhorred his own inheritance.***
Psa 106:41 ***And he gave them into the hand of the heathen; and they that hated them ruled over them.***

American evangelicals are under the illusion that if they as a nation just "bless Israel" then all will be well. At the beginning of the year there was great rejoicing especially in the prophetic community of a booming economy. MAGA. the best yet to come etc. And then Covid came....'This is the devil!' we need to rebuke the devil!...and get out the vote.

No what was of the devil was 50 years of innocent blood being shed....and the cup of iniquity is now full.

The purpose of sacrificing children to demons and also known as Baal/Molech is that these demons whisper in women's ears "You need to do this for your career, this is a distraction, you will have success, this baby is going to cost you money and ruin your happiness."

This is what the same demons told Israelites. Sacrifice your children to us and we will give you a great harvest, rain, success against your enemies.

Here is what Jeremiah wrote...

- Jer 7:31*** ***And they have built the high places of Tophet, which is in the valley of the son of Hinnom, to burn their sons and their daughters in the fire; which I commanded them not, neither came it into my heart.***
Jer 7:32 ***Therefore, behold, the days come, saith the LORD, that it shall no more be called Tophet, nor the valley of the son of Hinnom, but the valley of slaughter: for they shall bury in Tophet, till there be no place.***
Jer 7:33 ***And the carcasses of this people shall be meat for the fowls of the heaven, and for the beasts of the earth; and none shall fray them away.***

Jer 7:34 Then will I cause to cease from the cities of Judah, and from the streets of Jerusalem, the voice of mirth, and the voice of gladness, the voice of the bridegroom, and the voice of the bride: for the land shall be desolate.

The Israelites had an abortion clinic outside the walls of Jerusalem where they killed their babies a place called Tophet in the valley of Hinnom. Here is what the Lord said He will do to them for what they did to their innocent babies:

You started the killing but watch what I will do.....my killing of you will be so great that the valley of Hinnom will not be enough to bury them all and on top of that I will take away all your so called "good times" and the national economy will be left to you desolate.

The elderly around the world, those who grew up after 1970 and did nothing to stop this infanticide will fall in old age to this pandemic. And whole economies will be left desolate so that those who did not die of Covid will find there are no old age pensions for them in a desolate economy....because the demographic collapse of all the young babies who should have grown up to become tax payers and workers and able to care for their old people and keep the economy going...they are not there. Each year that goes by....just more old people dying of Covid and no underlying economies anymore that are growing and producing. The children are gone...sacrificed for greed.

Here are just two headlines this week....

Rabobank: "Imagine If The COVID Vaccine Doesn't Work And This Is Our Future"

y Michael Every of Rabobank Tue, 10/20/2020 - 10:25

*Here we are nearly a year into the Covid-19 crisis, and even G-7 economies are still at sixes and sevens about what to do. For example, **the Four Nations around the British Isles are looking more like six or seven nations, if not more.** Wales has just locked down completely for two weeks so nobody should be leaving their house; Ireland has shut all pubs, bars, and restaurants for six weeks; the north of England seems to have different virus measures than the south, which may be the toughest tier 3 as soon as lunchtime today (this is something one haggles over now); London is also set to go to tier-3 lockdown without being asked; and Scotland has meanwhile already been in its own form of limited lockdown for a while now. What a patchwork it is.*

Half Of Europe's Small Businesses Face Bankruptcy As Virus Cases Spike

[Bloomberg](#), citing a new McKinsey & Co. survey conducted in August, describes a particularly gloomy outlook for Europe's small and medium-sized businesses, warns that at least half of them could enter into bankruptcy proceedings in the next year if revenues continue to stagnate.

There is no Covid virus vaccine coming that will work, just like there is no HIV virus vaccine or even common cold virus vaccine. This pandemic is here to stay and it will continue to kill the vulnerable elderly and it will continue to make the world economies desolate because shutting down nations for weeks at a time does not work, the Covid virus always comes back.

100 million people infected world wide....7.8 Billion people still remaining to be infected. The blood of a billion babies sacrificed to demons cry to the Lord for judgment. The judgment has started. It will end when God's people cleanse the land, change the laws, national repentance and rebuilding the waste places.
