Week of 31 October 2020

The Importance of 2024 and the 70th Jubilee

In 2024 it will mark the 70th Jubilee since the year that Israel crossed the river Jordan to possess their Promised Land. This is a very important prophetic marker....the Church in South Africa needs to get ready for a big breakthrough in 2024.

Something very important is going to happen from 2024. I need to connect a number of dots for you to give you a clear picture of what is coming. So let me hit a number of seemingly unrelated data points first and then tie them together.

The Israelites left Egypt in 1447 BC and 40 years later crossed the river Jordan in the year 1407 BC. I am not here going to go into the ins and outs of Biblical chronology, just trust me that these dates are right from historical markers as well as internal year chronology in scripture.

From 1407 BC to 2024 AD is a period of 490 years times 7. 490 years is a scripturally significant number, It is 10 times 49 years or ten cycles of Jubilee years. A jubilee cycle is 49 years. The angel told Daniel there would be 490 years from a prophetic declaration to rebuild the temple and Jerusalem until Messiah the prince comes. (I cover this extensively in my books so will not repeat here).

Hebrews says "God sent his son in the fullness of time". Jesus declared in his first proclamation of His mission in Nazareth when He opened to the book of Isaiah "The Spirit of the Lord is upon me....to declare the acceptable year of the Lord" meaning the fulfillment of the Jubilee cycle...which would be good news to the poor. (see chapter 7 of my book on Southern Africa The Gospel of Jubilee)

South Africa is under Jubilee cycles. From the year that the Dutch landed to establish a colony here in 1652 to 1996 when the new South African constitution came into effect which transferred government and power legally to the new majority government was 49 times 7 years or 7 Jubilee cycles. Confirming what Paul wrote in Acts and Daniel told Babylon....the Lord rules over the earth He sets the boundaries of nations and the times of their rulers. Seven Jubilee cycles were allotted to white rule and then power was to be handed over to majority rule.

This last week our finance minister Tito Mboweni made his medium term budget speech in Parliament. He warned us if we do not stabilize the nation's debt accumulation to 95% of GDP by 2024 then we as a nation are finished, we will go by way of Venezuela, Ecuador and other countries who have gone into a debt/death spiral of economic collapse from un-payable debt obligations. As it is he said we are now borrowing R2,1 billion per day as a nation.

He outlined numerous plans and programs to turn the nation's fiscal crisis around....the chief being that government expenses must be drastically cut and

productive investments need to be made in the infrastructure and productive sectors of the economy.

Here is my predictions as to the success of the government plans for 2024: Please don't think I am being cynical or Afro-pessimist. But I have no expectation or belief that this government is going to cut their expenses, stop the endemic corruption or that there will be meaningful infrastructure investment in the economy. Every money manager of note is devising new schemes to help their clients get money out of the country, the government has to borrow any money they want to invest and what they do invest in is never properly managed...more debt, no growth.

In 2024 the nation will go to the polls for a national election. That election will determine the future destiny of not only South Africa but Southern Africa.

Let me explain the significance of the Jubilee economic program of God and you will see why God works according to Jubilee cycles.

In my book on "Southern Africa's Prophetic Destiny" I gave the example of king Josiah who led the greatest "back to God" revival in the history of Israel from decades of apostasy and idol worship. The nation turned to God! And 4 years later after this great revival God sent Babylon to end Judah and take the Israelites into captivity. Why? Jeremiah explained it to them. I wont go into long detail, read my books. But I want to summarize it for you:

All the earth and its fullness belongs to the Lord by right of creation. He has however given the earth to man on a lease basis. God requires mankind to give the Lord, the landowner a return on His assets. The Israelites wanted a king to rule them and not the Lord. The Lord gave them 490 years of rule by kings. He warned them through Samuel that their kings even the best of them will waste the people with high taxes, corruption, endless wars....sound familiar? Meaning that the Lord is not going to get the return on His assets that He demands.

So the Lord took the land and its assets away from Israel for 70 years, gave it to Babylon and then said ok after 70 years you can go back lets see if you can now do it my way. I will send you back, you must rebuild the temple, rebuild Jerusalem and now follow my law. The angel came to Daniel who was praying and crying before God about the destiny of his people in Babylon. The angel told Daniel that from the time they go back to the land and rebuild the temple the Lord will give them another 490 years (the 70 weeks prophecy of Daniel). They also failed the Lord during that 490 year cycle. So the Lord sold them off to another empire, Rome.

The coming of Jesus and the Kingdom of God was to announce the start of anew Jubilee! The new government of God who would fulfill the Father's plans for the earth...thy Kingdom come on earth thy will be done on earth as it is in heaven. There was to be a new Covenant, a new Israel, a new Promised Land a new Jerusalem.

Which brings me back to 2024. The starting date of this Jubilee cycle was 1407 BC. The time was the entrance of Israel to possess their inheritance. Here is my prediction:

7 cycles of 490 years or 70 Jubilee cycles of 49 years brings us to 2024. The new Israel of God is ready to possess their inheritance. They are ready to build the New Temple of God and the New Jerusalem.

Now let me be clear what the scripture says is the new Promised Land of the New Israel of God that is to be inherited that is to be possessed. You will find it described in Romans 4:13....

"For the promise made to Abraham that he should be heir of the world was not made to Abraham or his seed through the law but through the righteousness of faith". Please note: The whole world! not just Palestine.

Here is the promise made to Abraham in Genesis 17:4

"As for me behold my covenant is with thee and thou shalt be a father of many nations...." Please note: There is not just one Israel, there are a multitude!

God's promise to we Abraham's seed is that our inheritance is the whole earth and like each tribe of Israel had to possess a certain portion of their Promised Land so many new nations will arise in the earth made up of Abraham's seed to possess their portion of the earth.

Some of this is not new to those of you who have been reading my materials. What is new in what I am giving to you is this revelation:

2024 us the end of a cycle of 70 Jubilees.....a new Jubilee cycle starts in 2024. It falls on the Jubilee cycles starting with the entrance of Israel to possess their inheritance.

Here is an important factor in the timing that determined when the Lord allowed them to go in and possess the land. They had to wait until those who were squatting on Israel's inheritance had "filled the cup of iniquity". When sin and unrighteousness had so filled the Canaanites, it came time for judgment and dispossession of assets. It came time to give the people of God those assets.

This is the essence of Jubilee economics:

The 49 year economic cycle of Jubilee is that time it takes to transfer the productive assets of the nation from those who are wasting God's property to those who will repurpose those assets for God's Kingdom agenda. This does not happen through "miracle money" or "tithing prosperity". It comes from work, savings, investment, skills development and a people with integrity and the fruits of the Spirit!

2024 is critical in this Jubilee cycle for the world. It is not just we in South Africa. It is all over the world that the world economy is falling apart. I am not sending my money or assets out of South Africa. I am here to stay and possess my portion of the promised land. Don't put your faith in the stability in the future of the Euro or the dollar. America and Europe are imploding. By 2024 there will be no portion of the world economy that is not in a deep depression of economic crisis. Government structures and the social fabric of societies are crumbling.

Here is my word for you for what needs to be done in the problem years ahead...

I have no word for the rest of the world. I am only concentrated on us here in Southern Africa. We are in serious trouble. But we have more chance here of possessing this land for the Kingdom of God and for rebuilding it for Kingdom purposes than any other place on earth. That is why I am staying here and like Caleb, for me and my family we will possess our piece of the promised land for the Kingdom.

There is however major changes that will need to come before 2024 in the church in South Africa. I have no expectation or any hope of change and renewal in our government. Like many organizations there are many good people stuck in a bad system there. But make no mistake, God has His people everywhere in our nation ready to be mobilized for the great task ahead.

But my concern is that our churches need to catch the Kingdom vision. We are not there. What do I mean by that?

We cannot carry on with dead end theology!

We cannot be talking about the inevitability of the victory of Satan...as in "the Antichrist is taking over the world"! This is deception from Satan.

We cannot be talking or preaching about "The Lord is coming any moment now to take us out of the world!" He is not....this is deception!

We have to escape out of the deception of Christian Zionism, that false teaching that the Jews will evangelize the world, Jesus is returning to set up a Jewish kingdom, a Jewish temple etc. This is all deception!

If you are in a church that is still preaching and teaching this deception then you are in a church that is not ready to possess the land for the Kingdom of God. You are walking in circles in the wilderness and like the un-believing Israelites your confession is we are not able to take the land because of the giants and walled cities....meaning we cannot take the land because the Antichrist is going to possess the land, and further more God is working with Israel not us, we need to get out of here!

If you are into this kind of deception or your church is let me tell you what will come. We as a people of God are going to miss the hour of our visitation. If we are still after 2024 church on Sunday morning meeting as usual and government as usual and economy as usual, meaning as it is now....then we as a nation are finished and by that I mean we are the next Zimbabwe. And let me clarify for you what I mean. Go to Harare or Bulawayo and visit the factories that used to produce jobs and products, they are filled to the thousands by churches. And those churches are filled by the thousands with preachers who tell the people "miracle money is coming and Jesus is coming" while people are dying of hunger, starvation, disease in a police state of oppression. In Lagos Nigeria you will find the same and now also across South Africa in mega churches in our townships and cities.

The time is short, the labourer's are few, the work is great.....but we have a great inheritance ahead and a nation to save and rebuild. Get into a good fellowship of fellow believers who will stand with you in troublesome times ahead. Remember that wherever 2 or 3 are gathered in His name our Lord is with you!
